

Fight For Your Right

Slank

One day
You will feel what i felt
One day
You will hear what i heard
One day, my little baby
You know that i'm right

One day
You will see what i saw
One day
You will think what i thought, mmh
One day, my little baby
You'll fight what i fought

Some day
You will sing all my songs, yeah
Some day
You will speak what i spoke, mmh
And some day, my little baby
You will fight for your right
You will fight for your right
Fight for your right
