

## Wake Up Tonight

Slank

Turn on the light and see the night  
Keep open eyes until the morning light  
Don't hear the devil in your heart  
Burned up all dreams you have to wake up tonight

Sound of an angel in the dark  
Dog's begins barkin' at the park  
See Satan pouring Me some wine  
Can't stand to walk along the line tonight

You don't believe  
In all I feel  
I need to heal  
You have to wake up tonight

Turn of the light and feel the night  
Don't give up you have to keep fighting all night  
All nite tonight  
Tonight
