Slapshock

There's a shadow standing right in front of me
I want to save myself from this insanity
I'll try to scream while everyone is talkin'
They're talkin' about how to save themselves from drowning

Away, away
Away away
(you got to...)

Away, away
Away away
You got to...

There's a shadow standing right in front of me
I want to save myself from this insanity
I'll try to scream while everyone is talkin'
They're talkin' about how to save themselves from drowning

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

Start walkin' away now right before you fall
I want to give you what you and I will take control
And try to see how much fear I got within me
I'm tryin' to be a man with a different story

Start walkin' away now right before you fall
I want to give you what you and I will take control
And try to see how much fear I got within me
I'm tryin' to be a man with a different story

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

I'm your enemy...
I'm your enemy...
I'm your enemy...
I'm your enemy...
I'm your enemy...
I'm your enemy...
I'm your enemy...
I'm your enemy...
I'm your enemy...
I'm your enemy...
I'm your enemy...
Enemy...

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

You're in my mind
You're in my soul
You're insecure
I'm gonna break you

You're in my mind
You're in my soul
You're insecure
I'm gonna break you
