

In The Line Of Fire

Slapshock

I hide it underneath my bed
One move I'm sure you will be dead
I can't sleep, I'm wide awake
Are you that pill I need to take?

I'm restless
I'm losing control
I'm faithless
I can't control my senses
I love the way it plays in my mind
I'm screaming
While my world is turning
Watching my reflection
Laughing through the glass

I need you like you need me
I'm waiting in the line
I can feel it in my soul
Down to my spine
So hello, goodbye
I'm feeling fine
So high, so low
Shoot me one more time

I feel like I'm floating in the air
But I see myself from everywhere
This is the night when I don't care
No, you can't hurt me, don't you dare

I'm breathless
I'm losing control
I'm faithless
I can't control my senses
I love the way it plays on my mind
I'm screaming
While my world is turning
Watching my reflection
Laughing through the glass

I need you like you need me
I'm waiting in the line
I can feel it in my soul
Down to my spine
So hello, goodbye
I'm feeling fine
So high, so low
Shoot me one more time

Na-nanana-nana-nana (hey!)

I need you like you need me
I'm waiting in the line
I can feel it in my soul
Down to my spine
So hello, goodbye
I'm feeling fine
So high, so low

Shoot me one more time
