

# Inside Out

Slapshock

How can I be sure  
That you gonna be alright  
I'm giving the time to fixed your life  
No matter what I say no matter what i do  
Still theres nothing you can do  
I can see your mouth slowly movin'  
Talking about the pain that you been breathin'  
Sacrifice your life  
Sacrifice mind  
And now nothing is right for you

So you blame yourself  
And you hate your life  
And in your eyes  
Everything has fallin' over you  
So you try to scream  
And you lost your dreams  
Into these days  
I never even try to look away

Inside  
You feel me today  
Outside  
Turn me away  
Inside  
You kill me today  
You hurt me inside out!

Too many stories you try to tell me  
Every verse of you I'm reading deeply  
Keeping me awake  
Every breathe I take  
But now close the book awhile  
Your direction is pointed no where  
In the world to peace is going further  
Giving the time would you be so fine  
If I bring you a peace of mind

From the inside  
You cannot speak  
But from the outside  
You became so weak  
I feel the silence it sound so deep  
And its breaking my heart tonight

I don't give a fuck  
You don't wanna listen to me  
Just leave your life like you want  
I don't give a fuck  
You can do whatever you like  
Why don't you turn around  
Start calling my name

I don't give a fuck  
You don't wanna listen to me  
Just leave your life like you want

I don't give a fuck  
You can do whatever you like  
Why you turn around  
Start calling my name  
Bitch!
