

Point Blank

Slapshock

I feel like dyin'
Suffocate or somethin'
Let me hold on to you
Hold me closely
Don't want to suffer
I want to live
Than to fade away
I love my family
They're too far away
To touch me
I want my brother
To come for me

Don't want to
Turn away from you
Don't want to
Waste my time
Just to bleed for you
I can't believe the shit
You put me through
So cover me
Don't cry for me
This fear in me is killing me

Why?
Why don't you
Put it in your head?
That I don't wanna die
Don't wanna die
For nothin'

Lost my feelin'
Inside of me
I'm bleedin'
I see the devil
On your face
Come separate me
Ne the one to take me
To a place where
Now I can see
