

Shezzo Wicked

Slapshock

I want you to be mine
I'll turn your water into wine
If you feel cold inside
I'll try to cover you tonight

I keep on talking to myself
I just don't know
What's in your head
I want your love,
That's what she said
You little bitch
I want you dead

It's all right
Get out of my way
She's so fine,
Oh I feel the same

You're crawling up inside
Is this the place
You try to find
I can't control my mind
I want to leave
I want to hide
