

Stranded

Slapshock

Out of control
Can't seem to find myself today
I walk alone
Nowhere to go still away
I talk today
I can't feel nothing anymore
I go away
Now and I need to go

I woke up in your bed
I'm stranded here with you
I will stay if you may
For another day or two
Cause I'm stranded here with you

I fade away
With a mission to slowly breathe you in
I walk alone
This is the sound of my mistake
I failed to feel
The reason why we don't need to fear
You want to drown
I don't remember anything

I don't know where to go
This place it never change
It's the same
I talk with you
You die
