

# Walk Away

Slapshock

You've been way too cold  
As my life unfolds, I can't help it  
But to walk away  
With a bag of pain on my shoulders

Will say before tonight  
And this world is not alright

You're dying to feel me  
All your words they kill me  
You're watching the world go down  
You're dying to feel me  
All your words they kill me  
You're watching the world go down

I refuse to fight on my sleepless night  
Can you hear me  
I seems try to scream even in my dreams  
You don't see me

Still we back again  
The same sticks again  
And never seems to weared  
Is far now to pretend

I don't you to believe it  
Tears fall down in my eyes  
Everyday you try to consult me  
Still I stay right by your side
