Destroy [4x]

How can u follow me down through my world that there is nothing for you
U hear me and all the voices around I keep screaming repeating the sound
(Your sick)
If you don't going down now see your face to the ground
(Your sick)
You keep on pushing me away and it's not my right
(Your sick)
We think we gonna die now!
Stop wasting time
(Your sick)
And all your lies is on the wall and take control

We are!
The people that you hate
We are!
The one you can't embrace
We are!
The one you love to hate
But we are one We are one, go

I see the fire in your heart and it kill me deep down inside
It's gives me all the strength to move on
And you don't have to tell me what is right
(You sick)
Acting like a lunatic
Have u lost your mind
(Your sick)
Saying all the words you can't define
And you take much more
(Your sick)
I keep on talking but you don't replay
And you give it back
(Your sick)
Never ever try to fall me back or else your
