

Another Mistake

Snapshot

Tried to get it right
Tried to get right
But I made the same mistake
I made the same mistake

Tried to get it right
Tried to get it right
But I made the same mistake
I made the same mistake

Everything I say
And everything I do
Comes out wrong in the end
Wrong in the end

Everything I say
And everything I do
Comes out wrong in the end
Wrong in the end

I don't know what to do
Cause I can't get over you

Tried to get it right
Tried to get it right
But I made the same mistake
I made the same mistake

Tried to get it right
Tried to get it right
But I made the same mistake
I made the same mistake

Everything I say
And everything I do
Comes out wrong in the end
Wrong in the end

Everything I say
And everything I do
Comes out wrong in the end
Wrong in the end

I don't know what to do
Cause I can't get over you

I don't know what to do
'Cause I can't get over you
