

# Johnny Was

Snapshot

Johnny was a good boy  
But got messed up by the wrong crowd  
Everybody liked him  
And he made his mother proud  
But Johnny had a habit  
And it wasn't smoking crack  
In the wrong place at the wrong time  
He took a bullet in the back

Johnny was a gangster  
Just thirteen with a forty five  
He was living in a neighborhood where you fight to stay alive  
Johnny wouldn't listen  
He was told to get away  
Now he's learned his lesson  
Look what happens when you stay
