

Mutilated bodies adorn the mortal world
Grave to grave, so build our homes
Black tree rot together with land
Parasites who live in hell

We intend to dig his own grave
Swarm of hideous creatures
Analogous to the gods
Fallen angels
Humanity's disobedient child

We destroy ourselves as a species
War, hostility and suicide
Our thoughts materialize and I see a picture of Hell
Society of lies
Tears of the earth!

We intend to dig his own grave
Swarm of hideous creatures
Analogous to the gods
Fallen angels
Humanity disobedient child

Who is responsible for the violence and pain
Immortal selfishness lives in us
In our veins flows the blood of Satan
Dead eyes see chaos and hatred
Dead heart feels pain and revenge

Mutilated bodies adorn the mortal world
Grave to grave, so build our homes
Black tree rot together with land
Parasites who live in hell

We destroy ourselves as a species
By our veins flows the blood of Satan
Dead eyes

Dead eyes see hatred
How can you live?
Dead heart feels pain
