Slaughter To Prevail

Кароче, они подошли с тупой предьявой типа
"Чувак ты че носишь?" типа "Че это за хуйня? Это че пирсинг?
Ты че гомик? Это наколки? Ты че типа сидевший что ли?
Че за крики ты там вообще слушаешь?"
Слышь че? Я никогда не жду когда меня ударят
По этому и в этот раз я ударил первым

Do not tell me what to wear
What to eat, how to think, how to live

Look at yourself better!
You are just my ideal!
Perfect form of being SHIT

What to wear
What to eat, how to think, how to live

Look at yourself better!
You are just my ideal!
This is exactly how I feel

It never stops
You think that you can show who you really are

Overdoes
Shit keeps falling on my head and its really sux

OH MY God
What else can you tell me besides unluck
SHUTUFUCKUP
All of you are nothing but RETARDED FUCK

I hate when my time is wasted. You do not deserve a drop of my attention
But now I am ready to give you all my imbalance, stamina
And the desire to break my spirit in order to break all your bones

Feel my pain
I'm tell' you feel my pain
YoU HAVE NO FUCKING IDEA

The time will come and one day they want your fate

Is it real right?
I just made myseld rate
It is a fucking reeal

And promise never come back that ugly day

NOOO

DONT YOU TELL ME

What to wear
What to eat, how to think, how to live

Look at yourself better!
You are just my ideal!
