

Killin Time

Slaughter

Lost children of society, lay it on the line
Playin tricks and shootin' fix
It's just about killin' time
It's just about killin' time

There's a soul in your eyes, can you feel the pain
Far from all humanity
You've got no one else to blame
Nobody else to blame

Don't - you - wait for tomorrow
You - should - lead don't you follow
Don't - you - hear what I'm saying
Take - back - all the games that you're playin

It's just about killin' time

Runnin wild in the street, money on the mind
Suck the life of working man
Leading the life of crime
Leading the life of crime

Don't - you - wait for tomorrow
You - should - lead don't you follow
Don't - you - hear what I'm saying
Take - back - all the games that your playin

It's just about killin' time

Idle hands do devils work, always outta line
Reds and blues come after you
Just about killin' time
It's just about killin' time

Ooo yeah

Don't - you - wait for tomorrow
You - should - lead don't you follow
Don't - you - hear what I'm saying
Take - back - all the games that your playin

It's just about killin' time
It's just about killin' time (there's no way out)
It's just about killin' time (there's no way out)
It's just about killin' time (there's no way out)
There's no way out
There's no way out
There's no way out
There's no way out
