

## Are You Satisfied?

Slaves

She said "brother, are you satisfied  
With the way that you've been living your life?"  
I know it's predictable and somewhat clichéd  
But if you wanna get your point across these days, you gotta be  
real real real straight  
Are you satisfied?  
Are you satisfied? Brother, are you satisfied?  
Are you satisfied? Brother, are you satisfied?  
Are you satisfied?  
Are you satisfied?
