

Aware

Slaves

Praying, like you're waiting on some miracle in the making
But the fantasy was never worth saving
God's forsaken your charity, wouldn't let you embarrass me
Shaking, if the walls could talk then maybe they'd cave in

Lie, lie, lie, I'll let you lie with me
Another night, night, night, show me I'm wrong to wanna leave

Jog my memory, did I ever care?
Don't pretend to be aware
And don't you dare turn around, turn around
And act like you own me now

Let it bleed, let it bleed, let it bleed, slowly going under
We're deep in the devil's bite, you wait till the sun is hiding
Green eyes, green eyes, green eyes, we tear asunder
Say you're in love like you believe it, how long will you stay
with me now?

Better savor it now

Jog my memory, did I ever care?
Don't pretend to be aware
And don't you dare turn around, turn around
And act like you own me now!

The sun is coming down

Jog my memory, did I ever care?
Don't pretend to be aware
And don't you dare turn around, turn around
And act like you own me now

And act like you own me now
And act like you own me now
