

Take Control

Slaves

Get up out my seat
Fall onto the ground
(Take control)
Telephone is ringing
What an awful sound
(Take control)
Gotta leave the house
Gotta go to work
(Take control)
Close the door behind me
Brushing off the dirt
(Take control)
Waiting for the bus
Talking to myself
(Take control)
Questioning my sanity
Questioning my health
(Take control)

Aching in my stomach
Confusion in my head
(Take control)
Sleeping when I'm walking
Should've stayed in bed
(Take control)

Take
Control
Take
Control

Get up out my seat
Fall onto the ground
(Take control)
Driver stops the bus
So he can kick me while I'm down
(Take control)
Thank you very much
Limping on the street
(Take control)
Don't ask me where I'm going
I'm just following my feet
(Take control)
Maybe it's a set up
Maybe it's a hoax
(Take control)
Talking to the manager
Laughing at his jokes
(Take control)

Aching in my stomach
Confusion in my head
(Take control)
Sleeping when I'm walking
Now I should've stayed in bed
(Take control)

Take
Control
Take
Control
Take control

Take control
Take control
Take control
Take control
