

DANCE...

Slayyyter

You couldn't wait to see me out
I'm real quiet when you run your mouth
Lock eyes
Walk by
Can't help but feel
Unusual... are you for real?

I kind of hate you, but
It doesn't matter let me dance...
You seem so miserable, it doesn't matter let me dance
Feel it in my bones written in blood
I don't need you I don't need anyone

I'll never understand why
Creatures like you crawl to me every night
Orange wine
Fake smile
I'll keep it real
Delusional... fuck how you feel!

I kind of hate you, but
It doesn't matter let me dance...
You seem so miserable
It doesn't matter let me dance...
Feel it my bones written in blood
I don't need you I don't need anyone

I came here to party and you know what you started
I'll end it in the morning when you seem unimportant
Oh I came here to party
And you know what you started
I'll end it in the morning when you seem unimportant
