

Ghost

Slayyyter

(slayyyter)

S-L-A-Y-Y-Y-T-E-R

Baby you really hurt me
You made me cry so much
Really did me dirty
Now you wanna get all flirty
Say you wanna stay in touch
But I don't miss you that much

You are just a ghost to me
You are just a ghost, baby
You are just a ghost to me
You are just a ghost, baby
Yeah

I want back the necklace
I'll keep the memories
Go fuck your boring girls
Cause you can't handle me
Don't sext another word
Fuck what you have to say
Boy I don't need your love
You're just a ghost to me

Yeah
You're just a ghost to me
(slayyyter)
Just a ghost to me
S-L-A-Y-Y-Y-T-E-R
Just a ghost to me

Baby, you really hurt me
Finally realized
You don't deserve me
Now you wanna get all flirty
Say you wanna stay in touch
But I don't miss you that much

You are just a ghost to me (yeah)
You are just a ghost, baby
You are just a ghost to me
You are just a ghost, baby
Yeah

I want back the necklace
I'll keep the memories
Go fuck your boring girls
Cause you can't handle me
Don't sext another word
Fuck what you have to say
Boy I don't need your love
You're just a ghost to me

You are just a ghost to me, yeah

You are just a ghost to me

You are just a ghost, baby
You are just a ghost to me
You are just a ghost, baby
Yeah

I want back the necklace (oh!)
I'll keep the memories (just a ghost to me)
Go fuck your boring girls
Cause you can't handle me
Don't sext another word
Fuck what you have to say (just a ghost to me)
Boy I don't need your love
You're just a ghost to me
