

Over This!

Slayyyter

You're up lookin' at pictures of me
But I don't think of you lately
You say we were meant to be
Sorry to say I don't agree

Comin for me?
No guarantee
That I can be your baby
You gotta see
You're not in my league
And this is the way it has to be

I'm over this...

Whenever you call me
Say that you want me
Say that you're sorry
Sorry now
You're feelin' lonely
It don't control me
Cuz I don't care about you now

I'm over this, yeah
I'm over this

You gotta give me space
But you been spacing lately
You need to get outta my face
Or I'm gonna make you hate me

Boy take a knee
Can we agree
You'll never call me baby
I wanna be
Your new enemy
I think it's time for you to leave

Whenever you call me
Say that you want me
Say that you're sorry
Sorry now
You're feelin' lonely
It don't control me
Cause I don't care about you now

I'm over this, yeah
I'm over this

Quit acting stupid
Oh, baby its useless
It's me that I'm doing
I talked to cupid and
He thinks you're wounded
So I think we're ruined

You know what you're losing
Don't want resolution

Boy let me be
I need to breathe
Please keep it moving

Whenever you call me
Say that you want me
Say that you're sorry
Sorry now
You're feeling lonely
It don't control me
Cause I don't care about you now

I'm over this, yeah
I'm over this, yeah
