Slayyyter

Silicone in my tits  
Pay big money looking like this like this  
That Juvederm in my lips  
Little Sculptra into my hips my hips  
Strut down the street on 6th  
All these bitches wanna look sick like this  
Heels hanging out of the whip  
Thin as fuck bitch but your dress don't fit  
(Ugh, go)

Brand new tits  
Give me a little injection  
My doctor made it look like this  
And I can't stop staring at my own reflection

Everywhere that I go  
Bitches asking if it's all silicone  
I'm always stopping the show  
I look good bitch yea I know I know  
Gucci bag with the blow  
Hollywood turned me into a hoe  
These diamonds on me so cold  
You look clapped bitch but I know I don't

He buying me drinks cause I look good tonight  
Boy when I hit the city better have my ladies by my side  
That BBL effect it got me swaying side to side  
Paco Rabanne dress is shining in the lights

Looking like a million dollars when I step in the spotlight  
Looking like a mili cause I paid to get this body right  
Feeling like a star in a crowded bar baby all night  
Feeling like a star new tits lipgloss  
And it's all mine
