

Swimming Pool

Slayyyter

Hit me up at midnight
I wanna see you again (don't tell your girlfriend)
We can watch the starlights
Don't bring a friend ([?] you)

I've got a question, you've got the answer
Do you wanna go swimming now? (Now)
You be the captain, I'll be the lantern baby
Let's build our own house (our own house)
Underwater now

Baby dive into me
Get in my heart and swim around
Live in a fantasy
You are the one who holds me down
Baby let go of me
I feel like I'm about to drown
In your swimming pool
Baby dive into me
Get in my heart and swim around
Live in a fantasy
You are the one who holds me down
Baby let go of me
I feel like I'm about to drown
In your swimming pool

Baby I don't wanna sleep at night
I just wanna say you're mine
I don't wanna say goodnight
Baby I don't wanna pick a fight
I just wanna say you're mine
Say you're mine

Oh, you're eyes are so blue
I wanna swim again
And again, and again, and
Wanna get to know you
You could be my best friend
My best friend, oh

I'm just hoping that you might know ([?]) (down, down)
I'll be your girl and we'll drive real far, oh
Do you wanna get out of town?
Out of town

Baby dive into me
Get in my heart and swim around
Live in a fantasy
You are the one who holds me down
Baby let go of me
I feel like I'm about to drown
In your swimming pool
Baby dive into me
Get in my heart and swim around
Live in a fantasy
You are the one who holds me down
Baby let go of me

I feel like I'm about to drown
In your swimming pool
