

beautiful

slchld

She told me I ain't leavin'
But I ain't staying either
Can you call me back when
When you're fucking famous

Baby what is fame if I'm losing you
You told me you were here
But I've seen it through

Moreugesseo soljiki
Nareul jinsimeuro daehaneunji
Can I see you after 5
You say you're busy drivin'
Jeonhwa jom badabwa
Hal mari isseo I've been

The pain so beautiful
The pain of leaving you
The pain of all this
I can't really love you anymore

The drugs aren't helping heal my pain
Biga omyeon neoreul bolsuisseulkka
Raneun saenggagi yojeum deureoseo
Saram jom mannabwa geureon mal sileo

(Oh babe)

You know me too well
But not the same for me at least anymore
Can I see you in the morning
You say you've overslept
I know that's not the case
Girl, I know

The pain so beautiful
The pain of leaving you
The pain of all this
I can't really love you anymore
