

She might be  
Long time be  
Someone that I'll love for a while  
And I'm fine with it  
As long as you're healthy  
Although we might get bitter sometimes

Now that you are mine  
Everything is fine  
Won't expect to last  
I'm sure you're the same too

Can't recall our first conversation  
But I hope it was sweet  
You make me complete  
Girl, you know when to back off  
When I'm needing space  
Something tells me we were meant to be

Can't recall our first conversation  
But I hope it was sweet  
You make me complete  
Girl, you know when to back off  
When I'm needing space  
Something tells me we were meant to be

Did I get through?  
Yeah she want it like this  
And she keeping it real  
She wanna be mine, I wanna be hers  
She wanna be loved

Even when we have heated discussions  
She tells me when I'm too much  
She done told me like I love you  
More than anyone, except your family  
We have no reason to separate  
Maybe in time  
I'm sure you're the same too

Can't recall our first conversation  
But I hope it was sweet  
You make me complete  
Girl, you know when to back off  
When I'm needing space  
Something tells me we were meant to be

Can't recall our first conversation  
But I hope it was sweet  
You make me complete  
Girl, you know when to back off  
When I'm needing space  
Something tells me we were meant to be
