Lately  
If a bad boy's a trend  
How unsightly  
Girl, I can't be  
Something I'm not used to  
But I put you first

Regardless of just what I say  
You wanted me to talk more  
And say hi to your friends  
Maybe there's a good ring to it  
How about we switch places?  
Change roles  
I'm down to be a housemaid, yeah

Making songs in the corner  
Doing chores, I got order  
If you really feel the need to  
Please say what you want to say  
Why do you want to me to change?  
Into someone I don't know  
I mean if you really want me to be

Nowadays I'm just trying to stay calm  
I found out nothing's set in stone  
She's not liking what's in store  
But by the end of the day  
What if I just left you alone  
You said you don't wanna  
Waste your time

Baby, I like who I am  
Don't try to change what you can't  
If you don't like me that's fine  
I'll be leaving you

Baby, I like who I am  
Don't try to change what you can't  
If you don't like me that's fine  
I'll be leaving you

What do you want me to say?  
I can't say no more  
We don't need no answer at all  
All about your friends  
It don't make sense, no yeah  
I can't really fall for your love  
Who would've knew  
What we've been through  
Yeah I am confused  
What would you do?  
It is just rolling dice for me  
This is just empty sigh for me

It's hard to believe  
I can't change to  
What you want me to be

I've been giving you what you need  
Babe, why can't you listen to?

Lately  
If a bad boy's a trend  
How unsightly  
I can't change myself into your figure  
Babe, you say you know me  
But I just don't feel your love

Baby, I like who I am  
Don't try to change what you can't  
If you don't like me that's fine  
I'll be leaving you

Baby, I like who I am  
Don't try to change what you can't
