You got my mind
Oh my Goodness
Do you really believe in love?

Your eyes shiniest in the World
That's the reason I can say yes
That's the reason I can say yes

Baby, body on my body
No matter what you think about it
Nobody would have expected it
It's more like gold
It's more like gold

Tell me who will be your husband
Baby tell me let know your mind
I need to take a picture right now
I need to be like

Paparazzi, Paparazzi
Always in my eyes
Paparazzi, Paparazzi
Always in my eyes

You got my mind
Oh my Goodness
Do you really believe in love?

Baby if you
Same me let's
Take so many pictures all-day
(Take so many pictures all day)

Paparazzi, Paparazzi
Always in my eyes
Paparazzi, Paparazzi
Always in my eyes
