

prayer II

slchld

Isn't it obvious?
Girl, are you watching over me?
I've done terrible things, but
I can't stop, anymore
Can I let you know something?
If you're here right now, for me
Let me go
What good is a prayer
If I'm lost in the darkness
'Til I found my baby, baby (Oh)

But He sees right through me
Like the hole in my chest
Girl won't you give it a rest
Because I'm done trying
I don't wanna run, anymore
I'm need of a prayer
To the beautiful garden may I be laid rest?
I'm so lost in a sequel, of twinkled and evil
Ravages, I don't know but gotta believe you
So I prayer for my own, do it (Oh)

Baby, baby I'll try for you
Baby, baby
