

Why I gotta try if I wanna stay lonely  
Why I gotta die if I wanna stay home with  
My dawgs and I

Say...  
Are you living out your best life?  
Do you always have the right mind?

I don't wanna stay dreaming...  
The scenes of the hills  
Growing past the seem of life

All I've known before  
Before you wanted more...

I had to let you go  
I had to let me know  
I had to let you know

Thought our love was set in stone  
Was hard for me to let you go  
Girl you were my only source  
Of hope...

I thought it was the right time  
To say that I was the problem  
You're kind enough to make me  
To feel like I was the right one  
Do I believe in maybes  
I find it hard trying to prove  
Can I be of use to you

Can I still be good to you

I don't wanna stay dreaming...  
The scenes of the hills  
Growing past the seem of life

All I've known before  
Before you wanted more...

I had to let you go  
I had to let me know  
I had to let you know

Thought our love was set in stone  
Was hard for me to let you go  
Girl you were my only source  
Of hope...
