

smiling depression

slchld

The way that you're always losing sight
I can't help but be entertained
They say that love is hard to overcome
That part I'm slowly growing out of

The day that you left a mark on me
I couldn't say a thing to you and I
Trying to make it hard to breathe for me
That part I'm slowly growing out of

I'm fine
We say that all the time
To each other we always lie
For the better I've been on my last line

I'm fine
We say that all the time
To each other we always lie
For the better I've been on my last line

I can tell by the way that you look at me
(You don't want me to stay
Always lookin' away
Was I the problem?)

Smile for me, you always used to smile
Cry for me, you always used to cry for me

(I want you to stay, girl I want you to stay)
(You need me to stay, I know you need me to stay)
(I want you to stay, girl I want you to stay but it's hard, but it's hard)

I'm fine
We say that all the time
To each other we always lie
For the better I've been on my last line

I'm fine
We say that all the time
To each other we always lie
For the better I've been on my last line

Girl you, are all that's on my mind
You are fading away from me
Girl I'm not like I used to be
With me...

(I want you to stay, girl I want you to stay)
(You need me to stay, I know you need me to stay)
(I want you to stay, girl I want you to stay but it's hard)
