

twenty four hours

slchld

Twenty four, twenty four, seven
Twenty four, twenty four
Twenty four, twenty four, seven
Twenty four, twenty four

You were right all along
Heaven's only made up in my mind all along
Because it's twenty four, twenty four, twenty four hours
Until it's fucking Christmas

Yeah it's only twenty four hours
Until I miss my exes, oh no
I think about you

Twenty four, twenty four, seven
Twenty four, twenty four
Twenty four, twenty four, seven
Twenty four, twenty four

By the time that you pass by
It's already too late
You had your prayers

It's Xmas, it's Xmas, it's Xmas where we are
It's Xmas, it's Xmas, it's Xmas twenty four (twenty four)

You were right all along
Heaven's only made up in my mind all along
Twenty four, twenty four hours oh
You were in my mind and oh

I know the X in Xmas isn't what it seems
Snowing all year around my heart is hurting
Twenty four seven and it's

Twenty four, twenty four, seven
Twenty four, twenty four
Twenty four, twenty four, seven
Twenty four, twenty four

You were right all along

(Twenty four, twenty four seven)
(Twenty four, twenty four yeah)

Heaven's only made up in my mind all along

(Twenty four, twenty four seven)
(Twenty four, twenty four yeah)

Twenty four, twenty four
Twenty four hours baby
