

where it hurts

slchld

Slow down before you hurt yourself
Before you lose your ways again
In time you'd understand
Your heart is in the right place
Beating like it should
But we make the wrong decisions
We got a long way to go

I can't sit in silence
There's another side of me you'd never see
When she takes over my body
The pain is going away
Temporary love (temporary love)

Every little hit I take of you (no she won't back down)
A little dose of you (I'm with my pack now)
I'm falling back now (I'm falling back now)
I can't sit in silence
There's another side of me you'd never see

I can't lean on, baby
The police makes me (high)
Just don't let me cry
Even if you're sorry for
So if you wanna stay
Don't drown yourself from drugs
Somehow I feel like dying
Cause I'm way too much alone
