

## Dregs

## Sleaford Mods

There's more on the side  
You want to get it lean in  
There's more on the bin top  
I want to get it lean in  
The people outside  
They want to get a lean in  
And I'm so fucking high  
I'm gonna get a warning

Dregs and tired eyes  
The dregs are mine tonight  
Dregs and tired eyes  
The dregs are mine tonight

Spit tray  
Spit tray  
Spit tray!

The people at the back  
I think I saw 'em smoking  
I got the banter at the back  
I said I think they're toking  
He's a little spoiled chap  
And his mates are fucking joking  
I know they talk behind my back  
'Cause they're jealous of my clothing

Dregs and tired eyes  
The dregs are mine tonight  
Dregs and tired eyes  
The dregs are mine tonight

Spit tray  
Spit tray  
Spit tray!

There's more on the side  
D'you want to get it lean in  
There's more on the bin top  
I want to get it lean in  
The people outside  
They want to get a lean in  
And I'm so fucking high  
I'm gonna get a warning

Dregs and tired eyes  
The dregs are mine tonight  
Dregs and tired eyes  
The dregs are mine tonight
