

I'm proud to be a patron of this charity

All these bodies that fill up these streets near me  
Giving out tens and twenties likes flyers raving  
You wanna get some laughing done  
Make the best out of what we got wrong  
But there all these bodies that fill up these streets near me  
Shake their hands, I'm not gonna wash 'em like you  
It's a hand sanitiser, [?]  
You wanna get some laughing done  
In the square where it's all going wrong  
But there all these bodies that litter these streets near me

Twirl around like you just don't care  
All eyes on me  
Make snowman out of thin air  
All eyes on me  
Twirl around like you just don't care  
All eyes on me  
Make snowman out of thin air  
All eyes on me  
All eyes

All these lads that spittin' on shit near me  
In the town is the best place  
You can't get no paving  
You wanna get some laughing done  
Make the best out of what we got wrong  
But there all these bodies that fill up these streets near me

Twirl around like you just don't care  
All eyes on me  
Make snowman out of thin air  
All eyes on me  
Twirl around like you just don't care  
All eyes on me  
Make snowman out of thin air  
All eyes on me  
(All eyes)

Don't, don't, don't  
Don't punch me  
Don't punch me  
Don't kick my  
Don't punch me  
Don't punch me  
Don't kick my (Uh)  
Don't punch me  
Don't punch me  
Don't kick my (Uh)  
Don't punch me  
Don't punch me  
Don't kick my (Uh)
