

## Rich List

Sleaford Mods

Into the nightmare, I walk  
Street lights they go dim  
People don't seem bothered  
Patience wearing thin

The rich list getting bigger  
They know when to rub it in  
The papers they take the piss but instead, they just join in

Rich list  
Rich list  
The rich list  
Just takes the piss

Into the nightmare, we scream

I ain't got no warm water  
I can't do my washing up

The rich list getting bigger  
They know when to rub it in  
The papers they take the piss but instead, they just join in

Rich list  
Rich list  
The rich list  
Just takes the piss

And hell and dirty water  
I don't give a fuck about your life  
The times are twist and buried  
I don't give a fuck about your life  
And hell and dirty water  
Don't give a fuck about your life  
The times are twist and buried  
Don't give a fuck about your life

Rich list

Just takes the piss
