## Sleaford Mods

Do you wanna know where that man is from?  
He's on Snapchat, you cunt  
And then I saw a big man  
I got 4/10 every time I put that in a story  
Miss is like "what's that?"  
Windowsills, it's finished Mrs. Twat  
Rolling hills, black yachts and sexy stills  
Blokes can't help me  
He's got his tits out, he's doing a selfie  
On the med, he's el tel  
He's like when smokey sings, abc  
Shiny '80s blings, cor blimey!  
I can't see it  
Bollocks, they have to rely on showbiz noddies  
Like fake London genius  
Pretty shit, first season was alright but that's about it  
You like music that much then start fucking listening to it  
Deep down, I bought the sweater  
Used it as cocaine pyjamas  
What a waste of dough  
Pulling it out when I'm on the snow  
Fucking waste, didn't feel right as a daytime top  
Felt like I was try to be trendy when I'm not  
So when I got in and I was off me bollocks, mates are like "Fuck, even his pyjamas are proper."  
Yeah, mate  
I don't fuck about  
I'm making sure I don't get my kids anything to fucking feel embarrassed about

Snout  
Two out of 3  
Snout  
Four out of 2  
Snout  
Three out of four  
See me!

Stinky pinkie  
Who, bellend whiffy  
Scratching my head as the people burn for what they wanted  
You can see it, can't ya?  
Car crash into the void of the Magna Carta  
But this time it's Superdry and not fucking armour  
How dare I slam the uniform of the working class  
Condemn me please, you wanker, to life inside a working glass  
Like a spider, suffocated to death for a fucking fiver by scared kids  
Like scared kids 'cause that's all you are  
Rubbing up to the crown and the flag and the notion of who we are  
Fuck off
