Sleaford Mods

Ten take ten, nothing  
Twenty take twenty, nothing  
Subtraction

Anxious and finding ways  
Subtraction must be ways to action  
The calm on a mind our minds on placing no pre-doom  
On sitting in the park  
Eating, laughing with your wife and kids  
With an head full of blood  
Bloody splattered hell vision  
This new decade is circumcision  
On your eyes message that  
Find a way to get inside  
Come morning, noon or night  
I'm like an air blade  
I like to keep my hand in tight  
Let it dry, let it find the things that  
Don't make you feel alright

Subtraction minus light  
Blue eyes circumcised  
Subtraction minus life  
Through eyes circumcised

Not that robotic PR bot, bot, dead plankton  
Pay and go screens and  
Too many wankers  
In our books, it's not enough  
Anymore to want change  
You have to do change  
But the only change I like  
Sits in my pocket  
I'm a consumer  
I'm the systems rocket  
And I like my launcher

I'm part yoga, I'm sober  
I'm fixed, I'm fixed  
I'm part yoga, I'm sober  
I'm fixed, I'm fixed

Rushed the bar  
As I lay dead in your street  
Rush the bar  
As I lay dead in your street  
Subtraction
