

There's a man over there with yellow in his hair  
He thinks he's better than me  
I'm gonna bang him out when there's no one about  
At the end of the shift on the end of line three

Doctor Spock  
Vulcan Death Ray

I'm gonna burn his clock card  
I don't give a shift shit  
I try to get up but  
What the fuck for duck  
There's nothing worth getting up for  
Grey streets uneducate me  
Slags knocking out  
Handjobs for discount

And money don't warm my bones  
Devastate to liberate  
The Concrete Jungle  
Rainbow Bungle  
Ironmonger's legacy

Swarfega gets in the cracks  
I've got green slime  
I just need to  
... either  
Get a there... or die  
Devastate to liberate  
Devastate to liberate  
Devastate to liberate  
Devastate to liberate  
Swarfega gets in the cracks  
I've got green slime  
I just need to  
... either  
Get a there... or die

Mr Big's a little twat with his Leicester crap  
Another side-splitting show  
He don't represent me you cunt  
Fuck your Umbro  
Burn it down to the ground  
Burn them Leicester man  
Fuck your Umbro  
Fuck your Umbro  
Fuck your Umbro
