

# The Corgi

Sleaford Mods

The corgi - the Palace gets it right  
The corgi - it's always warm at night  
The corgi - the driveway and the range  
The corgi

Mighty old times where will we be  
Trench foot horror they overtake me  
The yellow mist falls, oh what we gonna do  
History repeats like BBC2

The corgi - the Palace gets it right  
The corgi - it's always warm at night  
The corgi - the driveway and the range  
The corgi

To make it obscure is the mark of a man  
Live a life of freedom near the river in France  
I ain't no mouthy baker, the cake ain't for me  
A four pint punter in the Chinese

The corgi - the Palace gets it right  
The corgi - it's always warm at night  
The corgi - the driveway and the range  
The corgi

The guns ain't gonna scream  
No signs of rain, no signs of rain  
Let's walk it down  
The guns ain't gonna scream  
No signs of rain, no signs of rain  
Let's walk it down  
The men ain't gonna scream  
No signs of pain, no signs of pain  
Let's walk it down  
The men ain't gonna scream  
No signs of pain, no signs of pain  
No signs of pain

The corgi - the Palace gets it right  
The corgi - it's always warm at night  
The corgi - the driveway and the range
