Sleaford Mods

I get a shaky start to Tuesday
Sweat stains on bus windows
I don't want ruin my coat but
That's just the way it goes
"Cheer up you f*ckin' bastard!"
That's all I heard him say
St George's flag on white van
This is the human race

This is the human race
UKIP and your disgrace
Chopped heads on London streets
All you zombies tweet, tweet, tweet

These wheels are turning tricks
This bus is full of pricks
8 hours of Gedling Council f*ck your life
It's spare room hassle
Dead weight is living flesh

We are no longer spesh
These grips that pull my hair
A life not lived 'cause I don't care

This is the human race
UKIP and your disgrace
Chopped heads on London streets
All you zombies tweet, tweet, tweet

Well I just bit half a mine
Throw myself on the Metroliner
We 'ad to walk back from the train
With the Stella kicking in my brain

Well I just bit half a mine
Throw myself on the Metroliner
When I walk back from the train
With the Stella kicking in my brain
