

## Restless

Sleater-Kinney

Took my car, got out of town  
It is a restless life, a restless life  
You and me, we don't fuck around  
It is a restless life, a restless life

And my heart wants the ugliest things  
My heart wants the ugliest things  
But I've learned to love the ugliest things  
Like you and me, and me and you  
And me

You know I meant to stick around  
It is a restless life, a restless life  
My one regret is that I let you down  
It is a restless life, a restless life

And my heart wants the ugliest things  
And my heart wants the ugliest things  
But I've learned to love the ugliest things  
Like you and me, and me and you  
And me

My heart wants the ugliest things  
My heart is the ugliest thing  
And I've learned to love the ugliest things  
Like you and me, and me and you  
And me
