

Shadow Town

Sleater-Kinney

Walk through shadow town
Red lines through our house
Walk right through the pain of you and me

On the eastside I hide out
But I watched you run downtown
Through the smoke and haze
I called to you

Babes on the balance
Babes on the windowsill
Babes on the front line
Baby do you want me still?
Babes on the fire line
Sure you don't have to kill
Babes on the phone line
Baby do you want me still?

Run to me if you want
Run so hard that you got me
Run to me if you want
Run till dawn
Run to me if you want
Run so hard that you got me
Run to me if you want
Run till dawn

Walk through shadow town
Broken dreams they shout
Voices raised as our city breaks apart

Babes on the balance
Babes on the windowsill
Babes on the front line
Baby do you want me still?

Run to me if you want
Run so hard that you got me
Run to me if you want
Run till dawn
Run to me
Run till dawn

Run to me if you want
Run so hard that you got me
Run to me if you want
Run till dawn
Run to me if you want
Run so hard that you got me
Run to me if you want
Run till dawn
Run to me if you want
Run so hard that you got me
Run to me if you want
Run till dawn
