

Deep End

SleazyWorld Go

Deep end
Way off where them sharks at, be careful, they be creepin'
(Oh yeah, Amart, you hard)
I'm barely sleepin'
Look, check me out
Ayy, ayy

Deep end
Way off where them sharks at, be careful, they be creepin'
Who want smoke with me? Feel like Nardo Wick, I'm tweakin'
Steady poppin' pills, been up for days, I'm barely sleepin'
Cautious with my heart, the ones I trust with it keep leavin'
Make it out the ghetto, that's the goal, but I'm too deep in
We swimmin' with them sharks, jumped in that water, he knee-
deep in
Deep in, I'm deep in

I feel like I'm drownin' in that deep end, someone save me
Mama, she been stressin' 'cause them streets done took her baby
from her
Baby from her
Influenced by them killers, seen the craziest stuff
Crazy, since I was a kid, but cap guns was our 380s
I ain't talkin' YB, we really was .38 babies
.38 child, walkin' shit down, gotta get up close and then blaze
it
Went in that deep end too far and now his mama can't save him

You know
When you in them streets for real, it just seems so hard to get
out
Wanna do better, but you can't
Streets be like quicksand
When you stuck in that deep end

Deep end
Way off where them sharks at, be careful, they be creepin'
Who want smoke with me? Feel like Nardo Wick, I'm tweakin'
Steady poppin' pills, been up for days, I'm barely sleepin'
Cautious with my heart, the ones I trust with it keep leavin'
Make it out the ghetto, that's the goal, but I'm too deep in
We swimmin' with them sharks, jumped in that water, he knee-
deep in
Deep in, I'm deep in
