

I'm Still

SleazyWorld Go

I'm still gon' fuck my sneaky link even though she do too much
This little bitch crazy she want my babies she want me buy her
a butt
Her ex-nigga was broke as fuck he couldn't even get her nothing
Ain't fuck with me now everybody come around talk about give me
something

I'm still gon' fuck my sneaky link even though she do too much
This little bitch crazy she want my babies she want me buy her
a butt
Her ex-nigga was broke as fuck he couldn't even get her nothing
Ain't fuck with me now everybody come around talk about give me
something

Even though I'm famous I'm still thugging in the field
Two Glock twins same gens I might nick name 'em Jack & Jill
We might not brag about them killings but we put niggas up for
real
Been sliming shit wiping niggas nose just thinking about it giv
e me chills

I'm still gon' fuck on regular hoes even though I'm rich
I ain't gon' lie I can admit I don't be acting boujee with this
dick
I ain't no boujee nigga I'm from the trenches
After my shows I might fuck a fan
If she lucky when I'm in her city I might fuck her again

I'm still the same nigga from the block still who I use to be
I told the label this who I am y'all gotta get used to me
And I ain't changing
I heard they killing all the rappers now-a-days
I gotta stay dangerous

And I might argue with my bitch but that bitch know she mine
And if I ever catch a hoe cheating that bitch know she dying
I don't give a fuck all my side hoes knows what up
Tell yo friends stay out our business
'Cause low-key that bitch wanna fuck

I'm still gon' fuck my sneaky link even though she do too much
This little bitch crazy she want my babies she want me buy her
a butt
Her ex-nigga was broke as fuck he couldn't even get her nothing
Ain't fuck with me now everybody come around talk about give me
something

I'm still gon' fuck my sneaky link even though she do too much

This little bitch crazy she want my babies she want me buy her
a butt

Her ex-nigga was broke as fuck he couldn't even get her nothing
Ain't fuck with me now everybody come around talk about give me
something
