And she got bags under her eyes now because of stress  
Last nigga took it all from her, she givin' you what's left  
Raisin' them kids up on your own, so you got my respect

Don't like the way you look, don't like the way you feel  
You don't feel good about yourself, but I can make you feel  
That's what I'm supposed to do, that what he's supposed to did  
He ain't give you compliments when that's what he's supposed to  
give  
So I'ma come and say everything that he supposed to have said  
He fucked up, so we gon' play it how we supposed to play it  
Grip on that ass and I'm gon' show you how you supposed to spread  
ad  
I'ma show you how you spread it  
That pussy gas, premium, her shit unleaded  
And when I come eat, that pussy leakin', I'm gon' let it  
Let me lick them toes, on my soul, I got a fetish  
And if I had to gamble you against these hoes, bae, I'd bet it
