SHHHH

SleazyWorld Go

We put shh on the bag, he can't poop out his ass
We caught shh in the whip, chase 'em and made 'em crash
Got chased, what's-his-name caught two to the face
I don't drop nigga' names up in my songs 'cause it help solve the case

I don't say nigga name, we the one get nigga chained
We the ones get nigga hit
I'm the one gon' call the blitz
We caught shh at a red light
Did him like Training Day
Shh. Mama was tryna cleaning up the blood and wash his stain away
I would say this nigga name but I ain't tryna caught 'em up
I ain't talking 'bout whipping ass but we put belt to buck
Put the belt to them nigga booties, treat 'em like they bad
Like a pimple, we catch an opp we get on nigga ass

We put shh on the bag, he can't poop out his ass
We caught shh in the whip, chase 'em and made 'em crash
Got chased, what's-his-name caught two to the face
I don't drop nigga names up in my songs 'cause it help solve the case

I wish my evil twin was out, he had nigga spooked
He chased what's-his-
name with a switch, he was tryna run and shoot
How the fuck nigga making diss songs but still ain't get no views?
Found out an opp was my family, that shit had me blue

I ain't Lil Zay, but fuck my cousin, this shit Family Feud
Thought clout chasing was his way out, his ass made the news
Be direct when you diss me, I ain't tryna look for clues
Way the choppers sang at the opps, he gave nigga blues

Shh, shh, shh, shh, shh, shh, shush
Why we keep calling nigga? 'Cause we make nigga hush
Shh, shh, shh, shh, shh, shh, shush
Why we keep calling nigga? 'Cause we make nigga hush

We put shh on the bag he can't poop out his ass
We caught shh in the whip, chase 'em and made 'em crash
Got chased, what's-his-name caught two to the face
I don't drop nigga names up in my songs 'cause it help solve the case
