

Enough

Sleep Theory

I don't know where to start this
I'm hitting a wall
It's the hardest thing
I can't seem to get to you (can't seem to get to you)
I'm running low on my options
I'm pushing the pin through the process
And I can't seem to get to you

You always speak, but you never listen

Plastic bullets from imaginary guns
Shut your mouth, 'cause you talk too much
Cut you off because I've had enough
Kill the noise and listen
Look what you've become
Should've learned when I called your bluff
Cut you off 'cause I've had enough
I've had enough

Holding your match to the masses
Burning it down to the ashes
And we could not get through to you (could not get through to you)
Every lie got back to me
Another thread pulled from the tapestry
Now everybody sees you
The way you tried to see me

Plastic bullets from imaginary guns
Shut your mouth, 'cause you talk too much
Cut you off because I've had enough
Kill the noise and listen
Look what you've become
Should've learned when I called your bluff
Cut you off 'cause I've had enough
(I've had enough)

Loose lips, and your ship is sinking
You're out of line and out of touch
Watch your step 'cause the ice is shrinking
Fall back because you talk too much
(Fall back because you talk too much)
Loose lips, and your ship is sinking
You're out of line and out of touch
Watch your step 'cause the ice is shrinking
Fall back because you talk too much

Plastic bullets from imaginary guns
Shut your mouth, 'cause you talk too much
Cut you off because I've had enough
Kill the noise and listen
Look what you've become
Should've learned when I called your bluff
Cut you off 'cause I've had enough

I've had enough
(Plastic bullets from imaginary guns)
I've had enough

(Shut your mouth, 'cause you talk too much)
(Cut you off because)
I've had enough
(Kill the noise and listen)
(Look what you've become)
I've had enough
(Should've learned when I called your bluff)
(Cut you off 'cause I've had enough)
