

Look To Windward

Sleep Token

Will you listen
Just as my form starts to fission
Losing this war of attrition
Just as I drift away
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?

With the shadows
Longer to me than a light-year
Moving so slow I could die here
Say you can hear me say
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?

Now I know why
I woke up here on the shoreline
Coughing up blood in the twilight
Everything looks the same
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?

Will you halt this eclipse in me?

I've got eyelids heavy enough to break diamonds
You pray for sound and I pray for silence
Damn right faithless, I can't deny you'll
Find me with half a mind to get violent

You know it isn't over till I say it's over
No more little angels sitting on my shoulder
So give me the edge of a blade and a time and a place
And I'll leave them cold and pushing up boulders

Am I walking with gods or merely stumbling forth
Until there's fire at the gates, until I fall to the floor?
You know I live by the feather and die by the sword
And I will sunder the earth only to burn the reward

Even in this garden of gardens I am the god of the gaps
I am the demon of Sodom
I am the blood of an angel, the fate of the fallen
Nobody knows where I came from, even I have forgotten

How could I already lose my way like this?
Drowning in burning bright abyss
Even at stratospheric depths
This vertigo of bliss

Oh and I
I used to know myself

Oh and you
You used to know me well
Oh and I
I wish that I could leave myself alone
Oh and you
You wish that you could make me whole

Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?
Will you halt this eclipse in me?
