

## Thread The Needle

Sleep Token

Bury me inside this  
Labyrinth bed  
We can feel that time is  
Dilated

We can spend the night in  
Fascination  
You can thread the needle  
Time and time again

You turn the lights down  
Come on and find out  
You turn the lights down  
Come on and find out

Something to confide in  
Something to erase  
Just look at where we're lying  
An invisible space

We can spend the night in  
Fascination  
You can thread the needle  
Time and time again

You turn the lights down  
Come on and find out  
You turn the lights down  
Come on and find out
