

Getcha Issue

Sleeper Agent

Shame ain't no way to live
When you got what you need
Pace ain't aequipped to give
When you take what you see
I'm a goddamn optical illlsion
Double crossing pick'in on union
I'm a goddamn optical illlsion
Double crossing pick'in on union
Get your issue you know you want to
Get your issue before it gets you
Get your issue you know you want to
Get your issue before it gets you
Change in my style,
Movin' backwards
Baby, I'm a natural
Don't know what I'm after
It keeps changin'
I keep it all together
Never sayin' never
Never sayin' never
It keeps changin'
Pain its the price you give
When you break what you keep
Don't shake your fist at me
You prick I'll watch you bleed
I'm a goddamn optical illlsion
Double crossing pick'in on union
I'm a goddamn optical illlsion
Double crossing pick'in on union
Get your issue you know you want to

Get your issue before it gets you
Get your issue you know you want to
Get your issue before it gets you
Change in my style,
Movin' backwards
Baby, I'm a natural
Don't know what I'm after
It keeps changin'
I keep it all together
Never sayin' never
Never sayin' never
It keeps changin'
And though you can't look me in the mouth
I'm not your stirring sea
You know I may be broken down
But I'm still taking the lead
Get your issue you know you want to
Get your issue before it gets you
Get your issue you know you want to
Get your issue before it gets you
Change in my style,
Movin' backwards
Baby, I'm a natural
Don't know what I'm after
It keeps changin'
I keep it all together

Never sayin' never
Never sayin' never
It keeps changin' ahahahahahaha
It keeps changin' ahahahahahaha
